Subject:RE: Southwire spec

Carol,

Late yesterday afternoon, I received word that arrangements had been made with Graybar for a Monday overnight shipment. Wow, you and your purchasing folks really came through for us. We will be able to complete our cutover next Tuesday.

As a note of confidence, Enbridge uses PERFIT connectors almost exclusively. Based on the quality of your product from our experience, there is nothing that is comparable to it. Your customer focus/support is clearly demonstrated. As long as you continue to sell them, we will continue to look to you for our TECK90 cable connectors. Thanks again for all your help with getting this order through the process!
